MEMORANDUM FOR THE RECORD

SUBJECT: Peterson Request

25X1 1. I received a call from Commander Lenz on Mr. Peterson's staff and heard an anguish^{ed} plea that overtime be authorized so that copies of the Peterson report would be available for dissemination by Peterson tomorrow afternoon. To make a long story short, it was finally agreed (through conversations with [] PSD) that we would cope with the Peterson request in this way:

a. 100 copies of the 124-page text would be printed, stapled, and three-hole punched and be available to CIEP tomorrow afternoon. These copies would have attached to them a set of the Peterson graphics.

b. 600 copies to be spiral bound would be available on Wednesday, 5 January. These are the copies for personal dissemination to Cabinet members, members of Congress, etc.

c. The remainder of the run, some 1,700 copies, would be spiral bound and would probably be available on the 12th of January.

²
~~the 1,700~~ Commander Lenz indicated that the specific deadline for this batch was not too imperative on the assumption that they could get copies by increments if they were needed.
